Training & experience:

The Open Water Diver Certification

Your ticket to the underwater world - the **“OPEN WATER DIVER”** certificate.

Your SSI Student academics and water training sessions combined will help you learn everything you need to know to start your adventure the fun and correct way. The SSI online training includes study guide questions at the end of each section to help you retain your new knowledge and test your retention. During your SSI Open Water Diver training sessions you will learn all of the necessary skills and safe diving procedures to be a comfortable & confident diver.

SSI Open Water Diver certification cards are recognized throughout the world. They entitle you to dive with other certified divers, enable you to purchase/rent equipment and obtain air fills anywhere you choose to dive.

A Dive Shop

308 Te Irirangi Drive, Botany South, Auckland

A New facility, offering quality education & dive equipment, focusing on assisting you in becoming a “Diver”. Small classes, quality equipment & vibrant, knowledgeable, friendly staff, all combine for a quality experience, with the outcome of you becoming a diver.

The SSI Philosophy

A reliable dive buddy is very important. That is why more and more divers choose SSI. SSI is one of the largest training organizations in the world. For over 35 years the SSI name has stood for safe and quality education with a built-in fun factor.

SSI Education is offered only by SSI authorized facilities and resorts that provide the competence and experience you deserve. Because quality and care counts, learning to dive with SSI is truly the best way to learn to dive.

What makes SSI training the best is our focus on quality instruction

SSI Instructors are required to be affiliated with an SSI Dive Centre. This ensures that your instructor will be monitored on an ongoing basis in regards to professional conduct and the maintenance of up to date quality training techniques.

Your learning experience will come alive with personalized instruction and interactive training scenarios.

All training is targeted to your needs. The goal is to make sure **you** are confident and prepared.

Your training will focus on the four critical components of great scuba education: proper knowledge, proper skills, proper equipment, and proper experience. We call this the SSI Diver Diamond and it sets the foundation for quality scuba experiences. Our unique approach to dive training is known as “comfort through repetition”. This means that we will work on each skill with you until each one becomes second nature. It will become like riding a bike. You won't have to think about it you will innately know what to do. This type of training ensures that you will retain what you've learned.

The result: Learning to Scuba Dive is fun!!

Your SCUBA Diving Course - How do I learn?

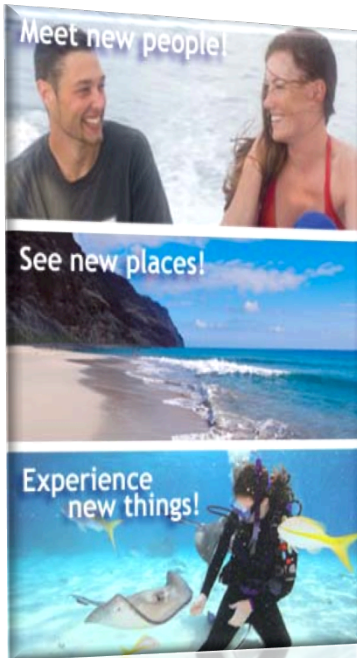

Becoming a diver is simple, safe and fun. A qualified instructor can teach you to dive comfortably and confidently in as little as three/four days. In general an Open Water Diver course consists of 3 parts: **Academics, Pool Training and Open Water Sessions.**

Academics - The theory, which is simple & interesting, will give you all the information you will need to dive safely & confidently – **Home study** - You will complete your study online (e-learning). Then attend a review sessions at your SSI Dive Center “**A Dive Shop**”.

Pool Training - you will learn all the skills you will be using in the open water in the safety of a pool. After being fitted for your scuba diving gear, you get wet first in a pool where you perfect your diving skills

Open Water Sessions - You will complete at least 4 open water dives (Open water can be defined as an open body of water such as a lake or the ocean) and have the chance to experience everything you learned in the pool hands-on. You will enjoy the amazing sensation of being weightless while exploring the beauty & wonder of the underwater world.

After successfully completing the Academics, the Pool and Open Water Sessions you will be certified as SSI Open Water Diver - It's your global license to dive!

Your course will include:

- ◆ Study material
- ◆ Log book
