

BENEFITS OF GREEN PRODUCTS:

Protects our Environment –

Our **Go Clean Product Line** is formulated with our Earth and its inhabitants in mind. These products are fragrance free, biodegradable, phosphate free and also contains no VOC's. This practice leads to a more positive environmental profile than standard cleaning products.

Safety – The **Go Clean & Green Guard Product Line**

is formulated to ensure that ingredients contain no components that pose serious hazards. This is beneficial to everyone in the school system from the maintenance crew that uses these chemicals daily to children who can be sensitive to many of the chemicals in some cleaning products.

Conservation – Using our system can extend the life of your fabric and surfaces.

Education – Tri-Plex Technical Services, Ltd. provides all our customers information on the benefits of using formulations with improved environmental and health characteristics. By using EPA Design for Environment Recognized products you can assure that your service professional is using products designed to protect human health and the environment.

OFFERING GREEN SOLUTIONS

Why Should I Use GreenGuard?

Green Guard carpet protector is the 1st carpet protector to be certified **Green** by the EPA designed for the environment program.

Green Guard should be applied after each extraction cleaning to help your carpet "**Stay Cleaner Longer**". Over the course of everyday life your carpet's stain protection weakens due to foot traffic, cleaning and deodorizing products.

Rest Assured Your Service Professional used EPA Design for the Environment Program Approved Products!

These products have the following features:

- **Non-Toxic**
- **Skin Friendly**
- **Anti-Resoiling Agents**
- **Anti-Stain Properties**
- **No Dyes or Fragrances**
- **Biodegradable**

Go Clean

Specially designed for today's carpets, Tri-Plex Go Clean Cleaners offers superior anti-resoiling and anti-stain properties helping to keep your carpets cleaner and stain free longer. Safe for use on Wool.

- **Tough on Dirt and Stains**
- **Safe for your Family**
- **Safe for your Pets**
- **Vacuuming is Easier & Efficient**
- **Extends the Life of your Carpet**

Go Clean Green Guard

The first carpet protector to receive

the EPA DfE approval! Green Guard is a cutting edge encapsulation product that contains anti-stain, anti-resoiling properties that neutralize alkalinity residues and limits wicking to carpets. Prevents yellowing or browning and limits wicking .
